

AI in the Classroom: Starter Prompts

Tested prompt templates for lesson planning, assessment, and local context adaptation.

Prompt 1: Local Context Adaptation

"Act as an experienced Ugandan teacher. Adapt this science lesson on soil erosion so that it uses materials readily found in rural Jinja/Wakiso districts and includes a 15-minute hands-on outdoor activity."

Prompt 2: Differentiated Practice Questions

"Create 5 tiered practice questions for Primary 6 Mathematics on ratios: 2 foundational, 2 standard curriculum-level, and 1 higher-order thinking challenge linked to local agricultural trading."

Prompt 3: Biblical Worldview Reflection Connection

"Suggest 3 thought-provoking reflection questions for Secondary 2 Geography on weather patterns that help students reflect on God's faithfulness, seasons, and ecological stewardship."
