LESSON IDENTIFICATION

Subject: _____

Grade / Class: _____

A 4-Phase framework for integrating biblical truth naturally into any subject.

Topic: _____

Teacher: _____

Date: _____

Duration: _____

The 4-Phase Integration Model

Phase 1: Creation & Design

What aspect of God's character, wisdom, order, or beauty is revealed in this topic? (e.g., Mathematics reflects God's unchanging truth; Biology reflects His intentional design and care for life).

Phase 2: The Fall & Brokenness

How has human sin or fallenness distorted, corrupted, or misused this area of knowledge? (e.g., Environmental degradation, greed in economics, deception in communication).

Phase 3: Redemption & Restoration

How does Christ's redemption bring healing, renewal, and ethical purpose to this field? How can learners apply this skill to serve others and solve problems?

Phase 4: Response & Action

What practical action, stewardship, or gratitude does this lesson invite from the learner today? How does it transform head, heart, and hands?

Worked Example: Primary 5 Science (The Human Circulatory System)

- Core Scripture: Psalm 139:14 — "I praise you because I am fearfully and wonderfully made."
- Design: The heart beats without conscious effort, sustaining life with extraordinary efficiency.
- Application: Healthy stewardship of our bodies as temples of the Holy Spirit, caring for one another.
